**Model:** 52 Convertible  
**Built:** 2018  
**Length:** 16.20 meters

PLEASE ENQUIRE FOR PRICE

Building a better boat every day is the way of life at Viking, not resting on our laurels. This is Viking's mantra for more than 50 years and your assurance the Viking 52 Convertible will exceed your expectations in luxury, performance, and stability. From the moment you step aboard you will recognize the awe inspiring quality and attention to detail. Built to be a tournament contender, the 52 Convertible is a blue-water thoroughbred. Get ready to enjoy the experience.

Just standing at the helm with your hands on the stainless-steel wheel will get your heart beating. The center console arrangement provides maximum electronic stowage in the raised pod where important navigation equipment is never more than a glance away. Protected from the weather under a clear acrylic panel, the backside of the equipment is safe and dry inside the console. Flanking compartments at the helm house communication electronics and accessory switches. A pair of teak ladder back helm seats, port and starboard bench seating with vinyl cushions, plus a pair of unique bucket seats forward of the helm provide room for the whole family and makes long jaunts a comfortable cruise. Under way, the 52 C is eager to please, and as the engines spool up the sensation of speed is immediately apparent. Engine choices from MAN and Caterpillar will deliver 40 knot plus speeds depending upon load, sea conditions and other variables. Power-assisted hydraulic steering and high-speed rudders combine with the evolutionary V-shape running surface to provide uncanny response and maneuverability, which will reveal itself after just a few minutes into your sea trial.

With three distinct gathering areas, the salon is inviting and elegant, whether running offshore for the early bite or relaxing at the dock. Spaciousness is enhanced with the plush L-shape lounge and cocktail table to starboard, which provides a clear view down the companionway into the forward stateroom. An L-shape galley with custom corian countertops utilizes space efficiently and includes under-counter refrigeration, an electric cooktop, and a microwave/convection oven. Beautifully finished teak joinery conceals ample stowage in maple-lined drawers and deep cabinets. The galley island is appointed with a pair of bar stools, which complement the dinette to port. For entertainment, there is a 40-inch flat screen television, a Blu-ray player and a Bose stereo system with surround sound.
